DAYS

Instructions: Self-administered questionnaire completed at annual visits and at the final study visit. This form is completed by the participant to record and evaluate, in a standardized manner, the intensity of depression.

*Participant instructions: This questionnaire consists of 21 groups of statements. Please read each group of statements carefully, and then pick out the **one statement** in each group that best describes the way you have been feeling during the **past one week, including today**. Circle the number beside the statement you have picked. If several statements in the group seem to apply equally well, circle the highest number for that group. Be sure that you do not choose more than one statement for any group, including Item 17 (Changes in Sleeping Pattern) or Item 19 (Changes in Appetite).*

2. 0 I do not feel sad.
