

## HCC Data @ Listing

HCC location	<input type="radio"/> Right Lobe Only
	<input type="radio"/> Left Lobe Only
	<input type="radio"/> Bilobar
Number of HCC Nodules in the liver	<input type="radio"/> 0 (None) <input type="radio"/> 1 <input type="radio"/> 2 <input type="radio"/> 3 <input type="radio"/> 4 <input type="radio"/> 5 <input type="radio"/> 6+
Size of nodule 1 (cm)	
Size of nodule 2 (cm)	
Size of nodule 3 (cm)	
Size of nodule 4 (cm)	
Size of nodule 5 (cm)	
Vascular Invasion	<input type="radio"/> No
	<input type="radio"/> Yes, portal vein
	<input type="radio"/> Yes, other vascular structures
Location of tumor invasion on the portal vein?	<input type="radio"/> Main Portal Vein
	<input type="radio"/> Right Portal Vein
	<input type="radio"/> Left Portal Vein
	<input type="radio"/> Right-sided Branches
	<input type="radio"/> Left-sided Branches
Primary Tumor Classification	<input type="radio"/> T0: Not Found
	<input type="radio"/> T1: one nodule < 1.9cm
	<input type="radio"/> T2: one nodule 2.0-5.0cm OR 2-3 nodules all < 3.0cm
	<input type="radio"/> T3: one nodule >5.0cm OR 2-3 nodules at least one > 3.0 cm

	<input type="radio"/> T4a: 4 or more nodules, any size <input type="radio"/> T4b: T2, T3 or T4a plus gross intrahepatic portal or hepatic vein involvement <input type="radio"/> TX: Not assessed
Evidence of HCC in regional lymph nodes	<input type="radio"/> N0 : no regional (porta hepatitis) nodes involved <input type="radio"/> N1: regional (porta hepatitis) nodes involved <input type="radio"/> NX: not assessed.
Cancer spread beyond the liver	<input type="radio"/> M0: no metastatic disease including extrahepatic portal or hepatic vein involvement <input type="radio"/> M1 metastatic disease including extrahepatic portal or hepatic vein involvement <input type="radio"/> MX not assessed
How many ablations had the patient received immediately prior to or at listing? (record 0 for none)	
Type of Ablation	<input type="radio"/> Radiofrequency Ablation <input type="radio"/> Cryotherapy <input type="radio"/> Alcohol Ablation <input type="radio"/> Chemoembolization <input type="radio"/> Chemoinfusion <input type="radio"/> Surgical Resection
	If yes to resection, Type of Surgical Resection <input type="radio"/> Wedge <input type="radio"/> Segment <input type="radio"/> Lobe <input type="radio"/> Non-anatomic
Chemotherapy and Radiation treatment prior to listing	<input type="radio"/> Y, Systemic <input type="radio"/> Y, Regional/local <input type="radio"/> N
	<input type="radio"/> Adriamycin

Therapeutic Agent used	<input type="radio"/> Cisplatin
	<input type="radio"/> 5FU
	<input type="radio"/> Combination Chemotherapy
	<input type="radio"/> Radiotherapy
	<input type="radio"/> Unknown
	<input type="radio"/> Other
