Date

ADMINISTRATION TIME PERIOD (check one box only) 60 Days 12 Months

TimePeriod

INTERVIEWER-ADMINISTERED, PROXY-ASSESSED
"ONE- WEEK" HEALTH STATUS ASSESSMENT

The next set of questions ask about various aspects of your health. When answering these questions we would like you to think about (his/her) health and your ability to do things on a day-to-day basis, during the past week. To define the past week period, please think about what the date was 7 days ago and recall the major events that (he/she) have experienced during this period. Please focus your answers on (subject's name) abilities, disabilities and how you have felt during the past week. You may feel that some of these questions do not apply to (subject's name), but it is important that we ask the same questions of everyone. Also, a few questions are similar; please excuse the apparent overlap and answer each question independently. All information you provide is confidential. There are no right or wrong answers; what we want is your opinion about (subject's name) abilities and feelings.

Interviewer:

For each question, read the entire sentence as written on the left-hand side of the page following the question number, emphasizing the words in italics, if any. Do not read the response options listed down the right-hand margin of the page. The answer given by the respondent to each question should be clearly marked beside the one appropriate code listed to the right side of the question.

VISION

1. During the past week, has (subject's name) been able to see well enough to read ordinary newspaper without glasses or contact lenses?

- Yes → Go to 4
 No
 Don't know
 Refused
