SECTION B: MEDICATION AUDIT

B1. Are you currently taking or have you taken in the past 4 weeks, any medication **prescribed** by a medical doctor, nurse practitioner or physician's assistant?

YES 1

NO 2 → **SKIP TO B9**

B2. RECORD EACH PRESCRIPTION MEDICATION BY NAME.

I need to get a record of all your prescribed medications. Let's go through them one by one. (**PROBES:** Think about **hormones**, steroids, antibiotics, pain medications, **water pills**, **blood pressure pills**, as well as **medications that you take for your urinary incontinence**. Think about any pills that you take by mouth, or liquids that you drink. Think about aerosols that you inhale, patches that you place on your skin, or medicines you inject with a syringe. Think about suppositories, vaginal creams or a vaginal ring, drops for your eyes or ears or nasal sprays. Skin creams or salves should also be included. Some prescribed medications like aspirin are actually available without a prescription but I will list them here if a doctor or nurse prescribed them.)

B2. All prescription medications with the exception of diuretics (blood pressure pills, water pills) and anticholinergic medications
