**Introduction:**

This survey is called the 10-Week Expectation Survey and is completed at the 10-Week study visit.

As with all of the information we collect for this research study, all of your responses are completely confidential. Your responses are never linked with your name and your name never appears on any of the research documents. Providing this information will not affect any of your services, benefits, or eligibility for coverage.

**This survey should take about 2 minutes to complete. Ideally, you will be able to complete the entire survey in one sitting.**

Please read the instructions at the start of each section carefully before you begin each new section.

Please complete this questionnaire at your earliest convenience and return it to the Study Nurse as soon as possible.

Try to answer every item, but do not dwell too long on any one question. We want your answers, so please complete the questionnaire on your own. After you have completed the Survey, please check to make sure you have not missed any items. If you have any questions about any of these items, please call me:
