

## **CDS DataBanque Phone Script Wrap-Up**

Thank you for taking the time to help us with this survey. We will be contacting you in a year to find out how you are doing by asking you to complete a similar survey. The information that you give us will help us to understand how patients' feelings may change after being on dialysis for a year.

Since your phone number may change during the year, can you give us the name and phone number of someone that we can call, if necessary, who will always know how to contact you. This should be someone who doesn't live with you, someone who may even live in other places in the state or in the country.

Thank you again for your help today. We look forward to talking with you again next year.
