INTRODUCTION TO PARTICIPANT:

Thank you for participating in this study.

The following pages contain questions about your participant's family background and family medical history since their last study visit. I am going to ask you a series of questions. Some of the questions may be difficult for you to answer and exact dates may be hard to remember. Please take as much time as you need, so I can gather information that is as accurate as possible.

If at any point in the interview you want me to stop, let me know. As with all study information, your responses will be kept strictly confidential, and the responses you provide will in no way affect the participant's clinical care. The first set of questions asks about you and the participant's background. If you have trouble understanding anything I say, stop me and I will re-read the question.
