

## **The DILIN Prospective Study Data Archive**

The DILIN Prospective Archive through grant 3 (2018) contains the Protocol, Study data, and Data Set Integrity Check. Archive files are organized into the following directory and file:

- DILIN\_Pro\_Data\_Documentation
- DILIN\_Pro\_DSIC

### **DILIN InForm Pro**

- This folder contains the DILIN Prospective data and documentation that was collected using InForm. The updated data includes data with two ID variables. The first ID variable is DEIDNUM which was used in previous data packages. The second is UNIQUEID which should be used if merging this data with the DILIN Retrospective data package.
- The subfolder “data” contains 114 individual SAS datasets (.sas7bdat) as well as a formats file (dilin\_formats.sas7bdat). Please contact us if you need the data in a different format.
- The subfolder “documents” contains the following:
  - DILIN Prospective Protocol Version 2.8 08May2014 (Final).pdf – Prospective protocol
  - DILIN.5954.Annotation.45percent.Inform.23.0.pdf – Annotated Forms for InForm
  - spec\_DILINPRO\_DeIdentify.docx – Specific Information regarding the de-identification of the Grant 3 Prospective data
  - Transfer of submission deliverables from DCRI to NIDDK - Grant #3 draft.docx – Submission Analysis for the Grant 3 Prospective data

### **DILIN Pro DSIC**

- DILIN PRO DSIC V2.0.pdf - Data Set Integrity Check attempting to use the data to recreate part of the 2008 publication “Causes, Clinical Features, and Outcomes From a Prospective Study of Drug-Induced Liver Injury in the United States.”
- DILIN\_DSIC\_Chalasani\_Follow\_up.pdf - Data Set Integrity Check attempting to use the data to recreate part of the 2015 publication “Features and Outcomes of 899 Patients With Drug-Induced Liver Injury.”
