

FHN MANUAL OF OPERATIONS
Daily and Nocturnal Trials
Table of Contents

Chap #	Chapter Name
1	Protocol Changes
2	Daily Study Overview
3	Nocturnal Study Overview
4	Ready to Randomize
5	Guidelines for Study Coordinators
6	Computing and Data Entry
7	Cardiac Magnetic Resonance Imaging (CMRI)
8	Quality of Life
9	USRDS Data Flow
10	Comorbidity Assessment
11	Modified Mini Mental
12	Physical Functioning
13	Trail Making B
14	Feeling Thermometer
15	Bioelectrical Impedance Analysis (BIA)
16	Holter Monitoring (Daily Study)
17	Blood Pressure/Omron Device
18	Kinetic Modeling
19	Kinetic Modeling (Nocturnal Study)
20	Standards of Care

21	Specimens for Local Labs
22	Specimens for NIDDK Repository
23	Billing
24	Economic Analysis
25	Outcomes Committee
26	FHN Study Publication Policy
27	FHN Study Ancillary Studies
28	Talking Points for Investigators
29	Certification and Quality Control
