Tanner Stage – Female

A. Today's Date:
Month Day Year

THIS MAY BE EMBARRASSING BUT THE INFORMATION IS IMPORTANT.

1. Girls go through normal changes as they get older. Please **LOOK** at the drawings and read the sentences below each of them. Then choose the drawing closest to your stage of breast development and **FILL IN THE CIRCLE** above it.

Stage 1 □	Stage 2 □	Stage 3 □	Stage 4 □	Stage 5 □
The nipple is raised a little. The rest of the breast is still flat.	The breast is a little larger and the nipple is raised more than in Stage 1. The darker skin area of the nipple is larger than in Stage 1.	The darker skin area around the nipple and the breast are both larger than Stage 2. The darker skin area around the nipple does not stick out away from the breast.	The darker skin area around the nipple and the nipple stick up above the shape of the breast.	Only the nipple sticks out in this stage. The darker skin area around the nipple has moved back down to the breast.

2. Please **LOOK** at the drawings and read the sentences below each of them. Then choose the drawing closest to your stage of pubic hair development before any hair removal and **FILL IN THE CIRCLE** above it.

Stage 1 □	Stage 2 □	Stage 3 □	Stage 4 □	Stage 5 □
There is no pubic hair.	There is a little, long, lightly colored hair. This hair may be straight or curly.	The hair is darker, coarser, and more curled. It has spread out and thinly covers a larger area.	The hair is now as dark, curly, and coarse as that of a grown woman. The hair has not spread out to the legs.	The hair is now like that of a grown woman. The hair often forms a triangle (▽) and it may spread out to the legs.
