SECTION B: ALCOHOL USE

Your honest answers will not affect your participation in this Trial.

B1. Circle the number below that best describes your usual intake of alcohol during the past six months.

1. None
2. One drink per week
3. One to two drinks per week
4. Three to six drinks per week
5. One drink a day
6. Two drinks a day
7. More than two drinks a day

As a guide, 1 standard drink (10 –14 gm ETOH) = the following:

- 12 ounces or one can of beer
- 1.5 ounces or one drink with a shot of liquor
- 5 ounces or one glass of wine
- 12 ounces or one wine cooler

B2. During the last six months, have you ever had more than 5 drinks in a single day?

1. Yes
2. No

B3. If you answered yes, how many days, during the last six months, would you estimate that you had more than 5 drinks in a single day?

_____ days

Thank you for completing this questionnaire.
