The MaGIC Study Data Archive

The Maryland Genetics of Interstitial Cystitis (MaGIC) Study Data Archive contains forms data, annotated forms, and limited documentation. The files are organized into the following directories:

- \MaGIC_documents
- \MaGIC_data
- \MaGIC_forms_annotated

\MaGIC documents

This directory contains:
- revised Warren Definitions 10-19-05.doc
  - study definitions of pelvic pain, bladder pain, and pertinent urinary symptoms
- revised Warren Categories-Text 10-17-05.doc
  - study definitions of categories of Interstitial Cystitis/Pain Bladder Syndrome (IC/PBS)

Note: **No** Protocol nor Manual of Operating Procedures (MOOP) was received for MaGIC. There are no known publications. The study was registered in ClinicalTrials.gov: http://clinicaltrials.gov/ct2/show/study/NCT00237081

\MaGIC data

Files in this directory are organized into the following subdirectories:

- \MaGIC_forms_data

This subdirectory contains 2 datasets:
- FORM01.SAS7BDAT (data collected in the Proband Screening Tool)
- FORM02.SAS7BDAT (data collected in the MaGIC Diagnostic Tool)

Note: The variables in these datasets do not have variable or value labels. Information about the variables can be viewed in the annotated forms (see below section, "\MaGIC_forms_annotated".)

\MaGIC forms annotated

This directory contains 2 data collection forms that are annotated with variable names and response codes:
- ST-VRG Revised.pdf (Proband Screening Tool)
  - corresponds with forms dataset FORM01.SAS7BDAT
- DT-VRG Revised.pdf (MaGIC Diagnostic Tool)

      o   Corresponds with forms dataset FORM02.SAS7BDAT

* Repository note:

A Dataset Integrity Check (DSIC) was not performed for MaGIC, as there are no known reference publications.
