

## NIH - BPH CLINICAL TRIAL

### MISSED BIOPSY REPORT

This form should be completed for a patient in the biopsy substudy on active follow-up, any time after randomization that a biopsy should be performed but is not performed. These visits are end-year 1 visit, primary endpoint declaration and end-of-study. Biopsies need not be performed if the patient has been diagnosed with prostate cancer, has crossed over to known invasive therapy or has had a biopsy within 3 months prior to the visit.

#### A. Patient Identification

1. Patient number (PATID)

--	--	--	--	--

clinic patient

2. Patient's initials (INITS)

--	--	--	--

first last

3. Patient's date of birth (DOB)

--	--	--

month day year

#### B. Visit Information

1. Date of follow-up visit (YVSTDT)

--	--	--

month day year

2. Week of visit (YVIWK)

--	--	--

3. Type of visit (YVITYP)

- <sup>1</sup> End-year 1 Major Follow-up Visit  
 <sup>2</sup> Primary Endpoint Declaration  
 <sup>3</sup> End-of-Study

4. Reason biopsy was not performed (YVIREAS)
