

A1. Site/Study ID # ___ / ___

SECTION B: INCLUSION CRITERIA – MAY BE COMPLETED PRIOR TO SURGERY (To be eligible, all answers must be Yes)

- B1. Surgical portoenterostomy for biliary atresia performed within the previous 24 hours ZELB01SP V2(2) 1. No 2. Yes
- B2. Patient is enrolled in the BARC observational study (P003) ZELB02PE V2(2) 1. No 2. Yes
- B3. Subject is at least 36 weeks post conception ZELB03PC V2(2) 1. No 2. Yes
- B4. Subject's weight is at least 2 kg ZELB04SW V2(2) 1. No 2. Yes
- B5. Informed written consent has been signed for P004 ZELB05WC V2(2) 1. No 2. Yes

SECTION C: EXCLUSION CRITERIA (To be eligible, all answers must be No)

- C1. Patient diagnosed with immunodeficiency ZELC01PD V2(2) 1. No 2. Yes
- C2. Patient has hyperglycemia (glucose \geq 200mg/dl) ZELC02HY V2(2) 1. No 2. Yes
- C3. Patient has significant hypertension (\geq 112 mm Hg SBP) ZELC03SH V2(2) 1. No 2. Yes
- C4. Patient known to have sensitivity to corticosteroids ZELC04CO V2(2) 1. No 2. Yes
- C5. Patient has bacteremia or a clinically relevant tissue infection ZELC05TI V2(2) 1. No 2. Yes
- C6. Patient known to have congenital infection or disease with herpes simplex virus, toxoplasmosis, or cytomegalovirus inclusion disease of the liver ZELC06CI V2(2) 1. No 2. Yes
- C7. Mother known to have immunodeficiency virus (HIV) infection ZELC07VI V2(2) 1. No 2. Yes
- C8. Mother known to have Hepatitis B or Hepatitis C infection ZELC08HB V2(2) 1. No 2. Yes
- C9. Patient known to have clinical condition that would contraindicate the use of corticosteroids ZELC09CC V2(2) 1. No 2. Yes
- C10. Patient has serum indirect (unconjugated) bilirubin \geq 5 mg/dL for infants under 4 weeks of age or \geq 7 mg/dL for infants between 4 and 8 weeks of age ZELC10UB V2(2) 1. No 2. Yes
- C11. Patient has other severe concurrent illness, such as neurological, cardiovascular, pulmonary, metabolic, endocrine or renal disorders that would interfere with the conduct of the study ZELC11CI V2(2) 1. No 2. Yes
- C12. Has the subject received a vaccination for rotavirus in the last 5 days? ZELC12CI V2(2) 1. No 2. Yes

SECTION D: POST-SURGICAL CONDITIONS

- D1. Hypertension (SBP \geq 112) ZELD01HY V2(2) 1. No 2. Yes \rightarrow **INELIGIBLE**
- D2. Hyperglycemia (glucose \geq 200mg/dl) ZELD02GL V2(2) 1. No 2. Yes \rightarrow **INELIGIBLE**
- D3. Hypokalemia (potassium level $<$ 3.0 meq/L) ZELD03PL V2(2) 1. No 2. Yes \rightarrow **Complete form S11D**
