

F328

FOLLOW-UP PAIN QUESTIONNAIRE

Instructions: If you still have pain that you believe is due to your incontinence operation, we want to know about it.

For this Pain Questionnaire, we want you to tell us about only the pain you have had within the last 24 hours that you believe is due to your incontinence operation.

Think about what time it is now, then think back over the last 24 hours. This is the very specific 24-hour time period we are interested in.

If you have any questions, the Research Nurse can help you.
