

**MEDICATION ADHERENCE TRAINING INTERVIEW FOR HEPATITIS C (MA)
(MATI-HepC)**

DATA SECTION	COMPLETION INSTRUCTIONS
GENERAL INFORMATION	<p>The MATI-HepC was designed to educate the patient about chronic hepatitis C, about the study medications, how to manage the side effects of treatment, adherence, and use of the MEMS caps. The patient is provided with a diary to document the patient's medication schedule and any missed medication doses.</p>
PATIENT ID	<p>Record the patient's ID number in the top right hand corner of the page.</p>
DATE OF EVALUATION	<p>Record the date (month/day/year) that this form is completed.</p>
CHECKLIST	<p>GENERAL INSTRUCTIONS: Only the CHECKLIST (page 1) of the MATI-HepC should be completed by the coordinator and entered into the database.</p> <p>SPECIFIC INSTRUCTIONS:</p> <p><u>Section I, checklist items 1-9:</u> Check "Yes" if the activity was completed by the coordinator with the patient. If not, check "No".</p>
DEPRESSION MANAGEMENT	<p>GENERAL INSTRUCTIONS:</p> <p><u>For Section IV, questions 1-3:</u> Ask the patient the following questions regarding any depressive symptoms the patient may have since the last evaluation. Check "Yes" or "No" to indicate the patient's response. If the patient responds "Yes" to any of the questions, notify the Principal Investigator.</p>
DAY 0 DOSE	<p>SPECIFIC INSTRUCTIONS:</p> <p><u>Ribavirin:</u> Record the date (month/day/year), time (military time), and total daily dose (mg) of ribavirin taken by the patient.</p> <p><u>Interferon:</u> Record the date (month/day/year), time (military time), and total weekly dose (µg) of interferon taken by the patient.</p>
INTERVIEW	<p>INTERVIEW GENERAL INSTRUCTIONS: Discuss each section with the patient using the outline provided. After each section is completed check the appropriate box in the checklist.</p>
